Confirmed Testimony.

The Kind Norway Readers Cannot Doubt. Doan's Kidney Pills have stood the test of time—the hardest test of all. Thousands gratefully testify. To quick relief—to thorough, lasting cures. Norway readers can no longer doubt the evidence. It's convincing testimony—twice-told and well confirmed. Norway readers should profit by these experiences.

M. M. Kilgore, Danforth street, Norway, Me., says: "For more than a year my kidneys were disordered and I suffered from backache. I was often so lame and sore that I could hardly stand. I finally advised to try Doan's Kidney Pills and procured a supply at Stone's Drug Store. The contents of a few boxes cured me and I have since been in good health." (Statement given July 24, 1908.)

NO TROUBLE SINCE. On July 17, 1911, Mr. Kilgore added: "I have had no kidney trouble since Doan's Kidney Pills cured me some years ago. I willingly confirm my former public statement in praise of this great remedy."

Burial of John Paul Jones.

Under a starry, back in the hall, waiting to hear his country's call, O'Connell in lead—a bundle of bones—Lies what is left of the great Paul Jones! Found in its tomb by the merest chance, Borne with acclim from the land of France, Brought with the pride of a nation's guest, To sleep forever in splendid rest! Here in the school where his trade is taught, Where the last learn how a nation's thought, And how a hero's reward is paid, In promises broken are they're made! First to the air he tossed the stars, The glorious flag with crimson bars—Who steeled the Ranger across the sea, Beating the British to the North Sea! Where the cliffs rise against the sea, Red are the waves where the Richard sank Deep on the edge of the Dogger Bank; Here as a grave man's rest, he lies, Better and braver than on any land. A couple of shots, a canvas shroud, A little shroud of cotton and lace, A thing is over; secure in Peace, He needs no stones to mark his name! Lucky the captain who heard the hail, Never neglected back in a hall, Awaiting their country's call! —Don C. Setz in Harper's Weekly.

THE DEMONS OF THE SWAMP are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell of Luoma, N. Supreme Judicial Court.

The May term of the Supreme Judicial Court opened Tuesday, with Hon. Leslie C. Cornish presiding justice. The court is held in Rumford in the lounge rooms of the business man's club. After the usual opening exercises the docket was called and a number of the civil cases were marked for trial. The traverse jury was summoned to be in attendance at 2 o'clock p. m., when they were impaneled and the trial of cases began.

About 70 new civil entries will be made this term and some twenty of them are divorce cases. The grand jury will not sit during this term, but several criminal cases will be heard and disposed of, where the parties have so arranged with the county attorney.

The clerk has received the decisions in two cases, *Huston Co. vs. Cavalieri & Tr.* and *Hydraulic Press Co. vs. John F. Wood*, Appt. submitted to Judge Haley at the March term.

In the former case, judgment was rendered for the plaintiff for amount claimed in hands of the trustee and in the latter action, judgment was rendered for the defendant.

It is anticipated the term will extend into the second week of June. The citizens of Rumford gave a reception Tuesday evening, in honor of Judge Cornish, in Mechanics' Institute, followed by a dance. Music by a local orchestra. Light refreshments served. All members of the Bar, all court and county officials, all jurors and other persons who are in attendance upon the May term of court were special guests.

James S. Dudley was granted a divorce from his wife, Jessie A. Dudley, on the grounds of cruel and abusive treatment. A verdict for the plaintiff in the case of *L. Dodge vs. Reuben Arsenault*, both of Canton, was returned by a jury Wednesday. The suit was over a contract for lumber and \$100 were in dispute. Exceptions were filed.

In the case of *Charles Hill vs. Percy Douglas*, both of Brownfield, a verdict was returned for the plaintiff. The suit grew out of a disputed debt of \$187.76, which plaintiff claimed the defendant owed him.

A May basket party consisting of nine people were out one night last week. It was rather dark and they hid beside the wall when they heard people coming along the road. A man and two women passed and the man said he saw a lightning bug. It was the lighted end of a young man's cigar.

RESOLUTIONS OF RESPECT.

WHEREAS, another "Link in the golden chain" has been severed by the premature death of our sister, Helen S. Robertson, to the higher life. PAINT DEVOE

Don't try to figure paint cost by the price per gallon. Poor paint costs most, more gallons to buy--more gallons to apply.

Devoe Paint is more economical than the "cheapest" paint ever mixed, because it takes less gallons and wears longer.

It is the result of years of experience in honest paint making. No tricks in the paint or the making of it--nothing but honest materials; finely ground and mixed by powerful machinery.

That is why one gallon of Devoe covers from 600 to 800 square feet and stays there.

Oldest Man in Town.
Cyrus Millett, the oldest male resident of our town died at his home in North Waterford, early Tuesday morning.

He was in his 85th year and had been a resident of Woodstock since 1852. For most of his active life he was engaged in carpenter work, though for several years he owned and operated the old Atwood Rowe shingle and gill mill at North Waterford.

Mr. Millett had been the possessor of Boston Post came for some two years. He was the son of Nathaniel Millett of Norway, who for years was a resident of Greenwood. Mr. Millett's mother was Abigail, daughter of John S. French, who once lived in Woodstock.

He leaves a widow and two children, Frank Millett of Oxford, and a daughter, Ida, who lives in Illinois.

The funeral will be held at the chapel, Thursday afternoon. The burial service will be in charge of J. H. Brown, Pastor of the Methodist church, at the home of a member.

George K. Coffin has purchased a new hay press.

Evie Lapping and daughter, Helen, visited at West Paris, Sunday.

Farming operations are progressing very slowly here, owing to the continued wet weather.

Road Commissioner Davis has been visiting the different sections of the town, looking after the roads.

There are nearly twenty automobiles owned in this town at present. Woodstock High played Rumford, Friday, and Mexico High, Saturday, defeating Rumford by the score of 9 to 8, and meeting defeat by Mexico, 9 to 10.

The recent heavy rains have put the roads of the town in very bad condition. In many places culverts are nearly gone and the roads are washed badly in many places, while the mud is so deep. It is almost impossible for an auto or any vehicle. If there is any one thing in the improvement line we need more than all others, it is good roads; leading from one part of the town to the other. While the citizens or our commissioners a little for the state of affairs existing at present, we must stand the greater part of the blame ourselves, for not taking that interest in our highways that we must ever expect good roads that will improve year by year.

The town of Greenwood is fast waking up to the road question and while we feel that perhaps Woodstock may have made a very little progress, Greenwood is certainly far in advance of us in the matter of good roads. The citizens of this town must wake up to the situation and we must each do our part. We must have interest enough so that we are willing to turn water out of the roads whenever they get to washing and which at the time would take but a very short time, although if allowed to go on would result in damage to the road which would take much money to repair. Bethel, Greenwood and Norway are using the log drag with good effect. Why cannot we do the same in Woodstock. We feel very sure that this good old town will lag behind other towns and that in time we shall have as good roads as any country town in the state.

There was no auction at Noyes' store as Mr. Park, auctioneer, sold everything before Saturday noon.

Norval Brown, who lives at A. P. Farnham's was visited by his father from Massachusetts last week.

Mrs. Belle Husey and daughter, Mrs. Whitman, called on I. J. Judkins last week. The new grandson three weeks old came also.

C. O. Husey has visited his great-grandson, Theodore Whitman, who has eight grandparents. Four of them are great-grandparents.

Wait Paint.

Taken fifteenth day of April

There are painters and waiters. Which am I going to do? Paint or wait? Which is 'better'? How much am I worth with my propo-

erty waiting? How much if I paint?
Will my house be worth more or less if
I paint?
Say it costs \$2 25 a gallon Devco—I
wouldn't paint any other—and \$3, or \$4

more for putting it on. That's \$50 or \$60 a 10-gallon job.

The money is gone. Is it in the house? Is it all in the house?

Suppose I were selling; what should

I get for that house
what should I get for
I wonder why men

Fencing delivered at station no extra expense.

We bought an assortment of the above ware that is a **TRADE**. We are going to give our customers the benefit of the advantage we have.

There is not a piece in the assortment that would not sell from forty to fifty cents, and some extra ones for still more. We are selling any or the lot for **TWENTY-NINE CENTS EACH**.

Now this is no "sun of Kiln" or "seconds," but every piece is perfect and smooth, no breaks or bends whatever, each piece as nice and clean as fine crockery.

It will move fast as it sells on sight.

This Spring is one that will make the grass grow anywhere.
If you want your lawn or front yard to appear neat and trim
you will need a lawn mower.

We have them of various qualities; one, The Nymph, price two seventy-five. This is a sixteen inch cutter, a light machine that can be run easily, self-sharpening and just the kind wanted for small yards; it will last for years and do good work.

We have also The Old National, sixteen inch cut; The Old Standby for a low priced mower, at the same price as the Nymph. It is a very good machine for the price.

Our high grade mower, The Spider is ball bearing, four cutters, self-sharpening. It is, we think, the best mower made regardless of price. We have sold them to people who have had very large

lawns, to cemeteries where they were used every day of the season, for several years, and they are still doing perfect work. They run very easy in the heaviest grass and if kept adjusted

they will not need sharpening as the action of the knives against the cutter bar will keep them sharp.

Price of the Spider mower, seven dollars and fifty cents.
